

# Long, Long Way (ESP 1121) Elmer Sheffield, Jr.

---

## OPENER Basic

### Circle left

It happens every time I think about the reasons why  
I'm sittin' here alone at night and not with you

**Left allemande the corner, turn partner by the right**

Now the **men star left** around you do

**Turn partner by the right, left allemande**

**Swing** the little girl and then you

**Promenade** around that land

It's a long, long way from over you

Don't think I've ever seen so many shades of blue

## FIGURE Plus, corner progression

**Head two couples promenade halfway** around

**Come down the middle, square thru 4**

Go all the way around now, **swing thru** tonight

**Boys run** and the **couples circulate**

Now **half tag, trade, roll**, look 'er in the eye

**Swing** that corner girl and **promenade**, I'll tell you why

They say that time will heal, don't know if I ever will

It's a long, long way from over you

## MIDDLE BREAK Plus

**Head ladies in, teacup chain**

(Musical Interlude)

**Four ladies promenade inside** that old ring

**Swing** that little girl and then **promenade** around the ring

They say that time will heal, don't know if I ever will

It's a long, long way from over you

## CLOSER Plus

**Head ladies in, teacup chain**

(Musical Interlude)

**Four ladies promenade inside** that old ring

**Swing** that little girl and then **promenade** around the ring

It's a long, long way from over you

Don't think I've ever seen so many shades of blue

They say that time will heal, don't know if I ever will

It's a long, long way from over you
