

There I Go Dreamin' Again (ESP 301) Paul Marcum

OPENER - MIDDLE BREAK - CLOSER Basic

Circle to the left

*Here we are, we're all alone

And I can feel the fire as your lips touch mine

Men star right go **once around** and then

Left allemande and **weave the ring**

And there I go, dreamin' again

Swing the girl and **promenade**

You cross my mind much more than now and then

And there I go, dreamin' again

FIGURE Mainstream, corner progression

Heads you **square thru** go 4 hands round

Around the corner do a **dosado**

Swing thru and then the **boys run right**

Tag the line, face right, then **wheel & deal**

Touch 1/4, scoot back and go

Swing the corner lady, **promenade**

You cross my mind much more than now and then

And there I go, dreamin' again

ALTERNATE LYRICS

*Even though we're far apart

And you say you don't love me like you did before
