

Stranger In My Mirror (ESP 922) Steve Kopman

OPENER - MIDDLE BREAK - CLOSER Mainstream

Sides face grand square

There's a stranger in my mirror
Who don't know how to behave
He keeps grinnin' 'bout you and whistling tunes
While he oughta be watching me shave

4 girls promenade

We move alike and we look the same

Swing that girl around and promenade

He used to be my twin
Now there's a stranger in my mirror

FIGURE Basic, corner progression

Heads (sides) square thru 4 hands you go round

Dosado the corner girl one time

Touch 1/4, split circulate 2 times

Girls run right & you **box the gnat**

Square thru 3 hands round you go

Swing that corner girl and **promenade**

I admit we should be certified
He's a little schizophrenic and so am I
